DECLARATION 1: We agree that the above information genuinely reflects the effort put in by group members and we **WISH** (circulate as appropriate) marks to be allocated equally. (**)

NOTE: Unless indicated otherwise, all marks will be allocated equally. In case of any dispute on group contribution/mark allocation, the course leader will be the final arbiter.

DECLARATION 2: By submitting this coursework and signing this document, each member of the group agrees with the following statements:

1. I declare that the work I have submitted for individual assessment OR the work I have contributed to a group assessment is entirely my own. I have NOT taken the ideas, writings or inventions of another person and used these as if they were my own. My submission or my contribution to a group submission is expressed in my own words. Any uses made within this work of the ideas, writings or inventions of others, or of any existing sources of information (books, journals, websites, etc.) are properly acknowledged and listed in the references and/or acknowledgements section.
2. I confirm that I have read, understood and followed the University's Regulations on plagiarism as published on the University's website and that I am aware of the penalties that I will face should I not adhere to the University Regulations.
3. I confirm that I have read, understood and avoided the different types of plagiarism explained in the University guidance on Academic Integrity and Plagiarism.

Please refer to the student handbook on notes on plagiarism. We have ZERO tolerance for plagiarism and collusion. All cases of detected plagiarism and/or collusion will be reported to the disciplinary committee for consideration.

() In case students DO NOT WISH** marks to be allocated equally the calculation of each group member will be based on the % effort added to the table above. For instance, suppose a group formed by 3 students entered on the table above (remember contributions must sum up to 100%):

Student 1 = 60%

Student 2 = 20%

Student 3 = 20%

And suppose their Final Project group mark was 75 marks.

Student 1 final mark will be 75 marks.

Student 2 final mark will be 25 marks.

Student 3 final mark will be 25 marks.
